

PRINCE EDWARD ISLAND COLLEGE OF PHARMACY

Member organization of National Association of Pharmacy Regulatory Authorities (NAPRA)

As one of Canada's pharmacy regulatory authorities (PRAs), the PEI College of Pharmacy has entrusted our national association, the National Association of Pharmacy Regulatory Authorities (NAPRA), to develop a new, national approach to facilitate the licensure process for international pharmacy graduates (IPGs) and to eliminate duplication.

This program – the [Pharmacists' Gateway Canada](#) – will now be the first point of access rather than the PEI College of Pharmacy. To help IPGs navigate the licensure process and facilitate their preparation for licensure in Canada, the Gateway provides a website with key information online and through telephone support and features two self-assessment tools which assist IPGs to make an informed decision before starting the process to become licensed as a pharmacist in Canada. For IPGs wishing to practise in Canada, the process of registering as a pharmacist begins with enrolment in the Gateway.

The Pharmacy Examining Board of Canada (PEBC) will assess qualifications and competence for entry-to-practice through a series of evaluations: a Document Evaluation, an Evaluating Examination and a Qualifying Examination in that order.

Provisional Pharmacist Registration – International Graduates		
Documentation	What is Accepted?	Notes
<input type="checkbox"/> PEBC Evaluating Exam	Confirmation of successful completion of the PEBC Evaluating Exam	Letter from PEBC confirming successful completion of the examinations or certificate.
<input type="checkbox"/> English Language Proficiency	Evidence of successful completion of one of the approved NAPRA English Language Proficiency (ELP) assessments <i>or</i> evidence of two types of non-objective evidence of English language proficiency as outlined in the PEICP policy.	English language proficiency requirements are outlined in the PEI College of Pharmacy English Language Proficiency Requirements for Pharmacists and Pharmacy Technicians . Results must be sent to the PEICP office directly from the testing organization. Results are valid for two years. Evidence of English language proficiency must be provided before commencing the Structured Practical Training Program (internship.)
↓
