MISSION

Regulating the practice of pharmacy in the province so as to promote a high standard and safeguard the welfare of the public with regard to pharmaceutical service.

Health Canada to Require Mandatory Drug Shortage Reporting

Drug shortages and discontinuations have been a source of concern for pharmacists and patients in recent years. Health Canada moved a step closer to mandatory public reporting for drug companies experiencing shortages and discontinuances, by inviting prequalified contractors to submit proposals to develop and maintain a website for the reporting of this information. The new website will eventually replace the current industry-run site drugshortages.ca. The site will
