## *Graduates of CCAPP Accredited Pharmacy Technician Program-Reminder of Registration Deadline*

Graduates of CCAPP Accredited Pharmacy Technician programs prior to September 2014 are reminded that they must register as a pharmacy technician by September 22, 2017. Registration requirements include the completion of 280 hours of post graduate structured practical training, successful completion of the PEBC Qualifying Exams and PEI Jurisprudence exam. Recognizing that the College was not in a position to register graduates prior to September 2014 and that the regulations set out the requirement that a graduate must be registered within 3 years of graduating, the College approved a policy that would provide CCAPP graduates an extension to September 22, 2017. See the policy below for more details.

[Application for Registration for those graduating from a CCAPP-accredited Training Program prior to September 22, 2014](#)
