Edition 3, Volume 1

Narcotic and Controlled Drug Reconciliation

As of November 2011, the PEI College of Pharmacist has a requirement around narcotic and controlled drug reconciliation in pharmacies. The reconciliation process was implemented to assist in assuring that the narcotic and controlled drugs in the pharmacy are secure from internal loss, theft and diversion. Pharmacy managers are responsible for ensuring that the reconciliation process has been completed and consists of 4 steps:

- Physical inventory reconciled with Computer or Manual Perpetual Inventory
- Invoices reconciled with Purchase Record
- Sales Report reconciled with Filed Prescriptions
- Reconciliation of Purchases and Sales Records

MISSION

Regulating the practice of pharmacy in the province so as to promote a high standard and safeguard the welfare of the public with regard to pharmaceutical service.

PEI College of Pharmacists Jurisprudence Exam

The PEI College of Pharmacists will hold a sitting of the Jurisprudence exam on January 30, 2017 from 9:30-11:30 am at the College office. The Jurisprudence exam application can be found in the member area of the College website. Please submit your application by January 25, 2017.

5 Questions to Ask about Your Medications

ISMP Canada, the Canadian Patient Safety Institute, Patients for Patient Safety Canada, the Canadian Pharmacists Association and the Canadian Society for Hospital Pharmacists have collaborated to develop a set of 5 questions to help patients and caregivers start a conversation about medications to improve communications with their health care provider. This tool can also be helpful for pharmacists when counselling their patients on medications. For more information, select the link below.
