

# The Island Capsule

PEI College of Pharmacists

7/21/2017

Edition 3, Volume 26

## Survey Monkey Results-Newsletter

The PEI College of Pharmacists wishes to thank all those who participated in the survey on the Island Capsule newsletter.

This survey received the highest response rate for any survey the College has sent out and we appreciate the feedback. As a result of the feedback the College received, there will be some changes to the newsletter in the coming weeks.

1. The newsletter will be published on the 1<sup>st</sup> and 3<sup>rd</sup> Fridays of the month. There was an equal split of those who would prefer to receive a newsletter weekly versus monthly so the decision was made to meet in the middle.
2. The College will explore options for sending the body of the newsletter email or as a PDF attachment instead of adding a link to the email published on the website.
3. A Spotlight section will be added to the newsletter to highlight a member on their achievements or practice. The frequency of this new feature will be determined.

## MISSION

*Regulating the practice of pharmacy in the province so as to promote a high standard and safeguard the welfare of the public with regard to pharmaceutical service.*

The College would also like to highlight to members that the newsletters are searchable on the PEI College of Pharmacists website. To search the content of newsletter:

1. Select the newsletter icon on the website homepage.
2. Click the newsletter folder
3. Enter the key words in the search documents bar at the top of the page. A list of all newsletters containing the search word will be listed below.

## Professional Liability Insurance-Reminder

The College would like to remind members practicing direct patient care (Pharmacists in the Part A Register, Pharmacy Technicians, students and interns) that they are required to hold personal professional liability insurance in accordance with section 21 of the *Pharmacists and Pharmacy Technician Profession Regulations*.

Members may notify the College of their updated policies by uploading a copy of their policy in the member area of the College website. Once the document is uploaded, the office receives an email notification that will prompt staff to verify the upload and change the expiry date of the policy in the member profile. Members who purchase professional liability insurance through the PEI Pharmacists Association (PEIPA) are not required to notify the College when a policy is updated as the College has an agreement with the PEIPA to forward this information. Each member's insurance expiry is available on the home page of the member profile.
